

## *Current Status of Lamprey Research in the Pacific Northwest*

Photo by USFWS

*Please join the Columbia River Lamprey Technical Workgroup as it hosts a workshop to review the current status of lamprey research in the Pacific Northwest. Presentations and discussions will highlight the biology and ecology of our native lamprey species and will provide a review of ongoing work.*

**Where:** Vancouver Water Resources Center in Vancouver, WA **When:** March 8th, 2004
